NO

**IMPARTIAL ANALYSIS BY COUNTY COUNSEL
MEASURE X**

**AUTHORIZATION TO OWN, OPERATE, PROVIDE AND MAINTAIN SPRINGVILLE PARK AND OTHER
RECREATIONAL FACILITIES**

Section 1191(a) of the Military and Veterans Code requires an election in order for a memorial district to be authorized to provide and maintain outdoor parks and other recreational facilities. In order to be approved, a majority of the qualified electors who vote on the measure must vote in favor of the measure.

If this measure is approved, the Springville Memorial District (“District”) will be authorized to own, operate, provide and maintain Springville Park, and other outdoor parks and recreation facilities, for the use of veteran and non-veteran persons and organizations.

This measure makes no change to existing law. The electors entitled to vote on this measure are the registered voters within the boundaries of the District. If the measure is not approved by a majority of the votes cast on the measure, the measure will fail and the district will not be authorized to own, operate or maintain Springville Park or any outdoor park and recreational facility.

ARGUMENT IN FAVOR OF MEASURE X

A yes vote for Measure X authorizes the Springville Veterans Memorial District to own, operate, and maintain parks in addition to its task of caring for the Springville Veterans Memorial Building. In essence, Measure X would save Springville Park, currently under the ownership and management of Springville Public Utility District. SPUD has lost key funding that enabled it to maintain Springville Park, and its directors must reluctantly shut down the park if no other agency steps forward to take over. The Springville Veterans Memorial District Board of Directors are asking the voters to save Springville Park by giving them permission to assume its ownership and maintenance. Both the Veterans Memorial Building and the park have become essential to community life in the greater Springville area. The park is the scene of concerts and festivals. Its playground is important to our children. Its restrooms, green space, and picnic tables are important to our visitors, who also visit our businesses. A vote for Measure X and its companion Measure Y will preserve a vital part of Springville’s past and present.
